Forecast for Saturday 17 Apr 2021

Weather: Dry, clear and cold overnight, with a fairly widespread frost. This will lead to a chilly start on Saturday morning, although it will be dry and sunny. Any mist and fog in valleys soon clearing after dawn. Fair weather clouds are likely to develop from late-morning and into the afternoon, but otherwise, dry with warm sunny spells. Any cloud will melt away during the evening to leave longer spells of sunshine, with clear skies into the overnight period.

Chance of cloud free mountain/hill tops above 600m: 100%, although some fair weather cloud is expected bases will be above the summits.

Visibility: Generally very good visibility with distant hills visible, although poor visibility in valleys at first in mist and any fog patches.

Meteorologist's View

It will feel cold on exposed ridges and summits with a relatively low freezing level. However, despite the chilly feel, the strong periods of sunshine will give moderate UV levels and therefore sun protection is advised.

Recent rainfall: measured at Malham: altitude 375m

Recorded at	Last 24 hours:	Last 48 hours:	Last 72 hours:
